WHAT'S HAPPENING IN WHEELER TOWNSHIP

Because of our increased revenue coming from our wind turbines, we have been able to upgrade our fire hall, buy a new fire truck, and add some new equipment that fire fighter needed. We are also making some needed improvements to our township hall, we installed a new steel roof to replace the old leaky one, new LED lighting to save energy, and new carpeting in the offices. With our extra road revenues we are able to re-gravel about 10 miles per year, rather than five or six miles we were doing in the past. We also have participated in the re-paving of Meridian Road, South of M46. Next year we will be working with Gratiot County to get started on Barry Road with rebuilding and repaving. We have worked with the Waste Management Authority to recontract for trash and recycle services for another three years.

All in all, a lot of progress is being made for the betterment of our township and the service we provide to our residents.
